A black and white photograph of a sandy beach. In the foreground, there are several footprints in the sand, leading from the bottom left towards the center. To the right, there is a cluster of coastal plants with thick, rounded leaves and thin, bare branches. In the background, more sand and some debris are visible. The overall scene is a quiet, natural coastal environment.

## CAMPAIGN IS SUCCESS

### Echoes, Chapel Goal is Passed

Seconds before the noon deadline, ASB leaders announced that the combined "Chapel" requirement and "Rainier Echoes" campaign had come to a successful close, Friday, January 19, with \$2,000.19 being realized.

First prize winner for individual collection was won by Paul Shenk, who had raised \$73.90. Lee Cooley was second with \$69.56, while Sherry Brett turned in \$49 to take third prize.

One half-hour prior to the noon deadline, ASB president Edith Spady announced that the students were \$497 short of the goal, but after everyone had emptied his pockets, robbed piggy banks, turned in contributions which had been held back until the last minute, and the ASB treasury had donated \$100, the goal was reached with 19c to spare.

Spady congratulated the student body and thanked them for their support during the campaign.
